

The Big Crappie Bonanza is being rescheduled to June 29th. Lake Lavon is 5+ ft high and fishing is very slow. More rain is forecast this week and with saturated ground, any rain will cause more run-off and the possibility of ramp closures. CAT wishes to have this tournament at a time when everyone can catch fish and enjoy the experience. If you have already entered, your entry will be good for the reschedule date. If you desire a refund, please send an email to: <http://www.crappieanglersoftexas.com/contact-us/>
